Amendment 2 to IFQC A208 648258

Q&A

Q. Section V.B.1 states ... “... *Include a list of corporate officials, years in the related services, and a list of all corporate names or suppliers that firm has used to conduct this type of business (include the dates for each corporate name).*” We have 14 pages of supplier names going back to 1998. The bullet point makes no reference of this information as not counting outside of the 10 page limit. Is there a shorter way to summarize this information to meet your needs? Does it count as part of the 10 page limit?

A. The intent of the question is to show that respondent is the primary manufacturer of the equipment to be produced. As such, they can provide suppliers used in projects similar in nature to the one outlined in the IFQC. This list should be of suppliers who supply/supplied a substantial portion of the equipment. It does count as part of the 10 page limit.
